### Donation Request Form

The Gujarati Samaj of Greater Tallahassee has been in existence in Tallahassee since 1989. We have over 400 household members that are in hospitality industry, retail businesses, physicians, engineers and other technology industries. The primary reason for forming this organization was to regularly meet for social and cultural events. Today, we are very proud to say that each of our events exceeds expectations in terms of number of attendees. In addition to adhering to cultural events, GSGT hosts and supports other organization.

To promote our activities, we communicate by sending regular emails via Mail Chimp, utilize Social Media and through our Website ([www.GujaratiSamajTally.org](http://www.GujaratiSamajTally.org)). We also use the old fashion ‘word of mouth’, which we feel has helped us grow our membership by over 20% this year alone.

In order to fund these various activities, our organization relies on donations from not only our members, but also our business partners in the community. Our organization is 100% managed by volunteers and supporters, therefore, 100% of your donations go towards our organization.

We want to thank you in advance for your consideration. Should you have any questions, please do not hesitate to contact any of the following individuals from our sponsorship committee:
